

# New York Mesothelioma Victims Center Urges a Plumber with Mesothelioma Anywhere in New York State to Call Attorney Erik Karst of Karst von Oiste-Compensation Might Be Millions of Dollars

BUFFALO , NEW YORK, USA, March 29, 2022 /EINPresswire.com/ -- The New York Mesothelioma Victims Center says, "We are urging a plumber who has just been diagnosed with mesothelioma anywhere in New York State or their family members to call attorney Erik Karst of the law firm of Karst von Oiste anytime at 800-714-0303 for a no obligation compensation analysis along with an explanation of how the compensation process works. As Erik Karst will discuss mesothelioma compensation is based on the specifics of how a person with this rare cancer was exposed to asbestos.

"Plumbers may have had daily exposure to asbestos-especially before 1982. If a plumber spent time repairing boilers, pumps, replacing valves or plumbing seals-they would have been exposed to asbestos prior to 1982. If a plumber replaced insulated pipes before 1982-there is a very good chance they were exposed to asbestos as well. Financial compensation for a person like this might be millions of dollars.

"If your husband or dad is a plumber anywhere in New York with confirmed mesothelioma please call attorney Erik Karst of the law firm of Karst von Oiste anytime at 800-714-0303. Aside

from being one of the nation's most skilled mesothelioma attorneys Erik Karst has been assisting plumbers with mesothelioma for decades and he will know how to obtain the best possible compensation for his client."

Victims Center*

\* New York City's Memorial Sloan Kettering Cancer Clinic:

\* Columbia Presbyterian

\* New York City's Mount Sinai Hospital

The New York Mesothelioma Victims Center specializes in financial compensation for diagnosed victims of mesothelioma. High-risk work groups for exposure to asbestos in New York include US Navy Veterans, power plant workers, maritime workers, manufacturing, or industrial workers, plumbers, electricians, auto mechanics,

machinists, miners, railroad workers or construction workers. Typically, the exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's. <https://MesotheliomaVictimsCenter.Com>

The states indicated with the highest incidence of mesothelioma include Maine, Massachusetts, Connecticut, Maryland, New Jersey, Pennsylvania, Ohio, West Virginia, Virginia, Michigan, Illinois, Minnesota, Louisiana, Washington, and Oregon. However, based on the calls the Mesothelioma

Victims Center receives, diagnosed victims of mesothelioma could live in any state, including New York State. [www.karstvonoiste.com/](http://www.karstvonoiste.com/)
