

Launch of MaximoWorld Website 2022

The site is a one-stop-shop for everything you need for MaximoWorld 2022 in Austin, Texas August 9-11th 2022.

FORT MYERS, FLORIDA, UNITED STATES, March 18, 2022 /EINPresswire.com/ -- Reliabilityweb.com® has announced the launch of their MaximoWorld website www.maximoworld.com. The site is a one-stop-shop for everything you need for MaximoWorld 2022 in Austin, Texas August 9-11th with pre-conference activities on August 8th. The conference is a space to connect with the MaximoWorld community and gain incomparable insight and networking. Some topics that will be covered at the conference:

MaximoWorld
Cloud
Connected Workers/Connected Assets
Digital Twins
Maximo Application Suite

We invite shared stories on reimagining the workplace and creating a new experience — one that allows employees to be both safe and productive.”

Reliabilityweb

Maintenance Planning & Scheduling
Mobility
Performance Indicators
Sustainability
Workflow
APM Summit

Artificial Intelligence
Asset Health Indexing
Asset Knowledge

Connected Data Environments
Decision Making

Edge Computing
Hybrid Cloud
IIoT
Machine Learning

And so much more! MaximoWorld is one of the most generous knowledge and experience sharing forums in the world, featuring some of the world's best-run organizations combined with leading-edge technology from IBM® and other technology leaders. There's so much to do and learn at MaximoWorld that provides the right tools and information you can apply when returning back to work.

Didn't get a chance to submit your abstract for MaximoWorld 2022 Call for Papers? We've extended the deadline to incorporate TRIRIGA® Users and Solution Providers, you have until February 25th to submit.

"A great place to work" has been redefined by COVID-19, employee expectations and technology. It is known that employees can work effectively from home, but studies show that 66 percent would prefer to be in the office for at least a portion of their work week.

We invite you to share your story on how you are reimagining the workplace and creating a new experience — one that allows employees to be both safe and productive.

IBM® TRIRIGA® Users and Solution Providers are invited to submit an abstract for consideration!

MaximoWorld 2021 Speaker Session

A promotional graphic for MaximoWorld 2022. The background is a dark blue gradient with a stylized orange and white globe logo for 'maximoworld' at the top left. To the right is the 'APM ASSET PERFORMANCE SUMMIT' logo. The central text reads 'CALL FOR PAPERS' in large, bold, white letters. Below this, in orange and white, is 'Submission Deadline February 25, 2022'. A large orange button with white text says 'SUBMIT NOW!'. At the bottom, it states 'AUGUST 9-11 • AUSTIN, TEXAS' and 'PRE-CONFERENCE ACTIVITIES AUGUST 8'. The right side of the graphic features a curved orange shape that frames a photograph of a city skyline at dusk or dawn, with a river in the foreground.

Submit your abstracts for MaximoWorld 2022

The Asset Performance Management Summit is co-located with the MaximoWorld Conference. To flourish in today's uncertain environment, over 6000 of the world's best run companies, use the Uptime® Elements Reliability Framework and Asset Management System™ powered by Uptime Elements Digitalization Strategy Framework to create long-term aligned strategies delivered by an engaged, cross-functional, reliability leadership culture. They have discovered how asset performance management [APM] fuels enterprise asset management [EAM/CMMS] for a safe, sustainable and successful workplace.

The APM Summit includes subject matter experts and guest speakers sharing current best practices, success factors, discussions and exercises on the technology, data, technical activities, business process, and leadership related to:

Reliability Engineering for Maintenance – strategies to assure asset function

Asset Condition Management – approaches to manage asset health and condition

Work Execution Management – methods for efficient planning, scheduling and execution of maintenance tasks, inspections, and decisions

Leadership for Reliability – leadership to create an engaged culture of reliability

Asset Management – a management system to coordinate and align lifecycle activities and stakeholders on achieving organizational objectives

Digitalization and IoT – connecting synchronized data for real time analytics, simulations and optimization

Sustainability

As a way to highlight and showcase the MaximoWorld community, the MaximoWorld Awards will be held during the event. Award submissions are now open on the site. We invite nominations for the annual MaximoWorld Awards to recognize excellent team for accomplishments in these categories:
