RICHMOND, VIRGINIA, UNITED STATES, February 10, 2022 /EINPresswire.com/ -- Forsyte I.T. Solutions today announced the availability of Guardian 365 Security Managed Services on Microsoft AppSource, an online cloud marketplace providing tailored line-of-business solutions.

Forsyte I.T. Solutions (Forsyte) is an award-winning Microsoft Gold Partner and Managed Service Provider, serving Microsoft clients with security, identity, compliance, and migration solutions and services.

Guardian 365 was created by Forsyte security engineers to eliminate common hurdles associated with enhanced security by providing an all-in-one managed detection and response solution to security teams across industries.

This always-on cybersecurity managed service architects a zero-trust security model to keep your organization protected against threats. Guardian 365 provides threat correlation, consolidated reporting, data-driven performance tuning, and automated incident response. Forsyte helps organizations put next-generation Microsoft 365 security managed services to work with Guardian 365 Security Managed Services and can do the same for you.

Because of the work with Forsyte, organizations have effectively hardened security and thwarted cyberattacks in multiple industries, including Education, Government, and Commercial.
