

New GIDEON - Jisc Partnership: Offering UK Academics Access To Leading Infectious Diseases Database

LOS ANGELES, CALIFORNIA, USA, February 10, 2022 /EINPresswire.com/ -- GIDEON Informatics partnered with Jisc, the UK's digital body for education and research, for an exciting one-year pilot agreement. Jisc members get an exclusive discount to access the popular GIDEON comprehensive infectious diseases database as part of the subscription offer.

Subscribers can leverage GIDEON's web application and API (with a free R statistical package) to enhance their training, education, diagnostics, and research efforts. Any members of staff in higher education (HE) and further education (FE) institutions interested in learning more are invited to join a [free online discussion on Tuesday, March 1, 2022](#)

The GIDEON partnership is another significant agreement that enables our members to access critical health information that supports education and research."

Caren Milloy, Director of Licensing, Jisc

The GIDEON database is a powerhouse of information on:

- 26,000+ infectious disease outbreaks,
- 86,000+ prevalence and seroprevalence surveys,
- 88,000+ epidemiology graphs,
- 2,000+ pathogens,
- 80,000+ vaccines and drugs trade names,
- 23,000+ detailed country notes,
- 260,000+ references for data, and much more.

Kristina Symes, Managing Director at GIDEON Informatics stated: "GIDEON's partnership with Jisc arrives at the perfect time. Now, UK academics and educators get [in-depth epidemiology data at](#)

[the click of a button.](#)” She added, “In the past few years, UK’s academic bodies have had to adopt fully-online or hybrid learning models rapidly. Educators and students urgently need advanced digital resources to learn about, and fight against, infectious disease outbreaks.”

Jisc offers shared digital infrastructure and services to advance education and research in the UK. Regarding the new alliance, Caren Milloy, Jisc’s director of licensing, said: “The GIDEON partnership is another significant agreement that enables our members to access critical health information that supports education and research.”

GIDEON offers a wide berth of data and tools like simulations for educators and students to explore. To benefit from the new GIDEON-Jisc partnership, [review Jisc’s catalogue.](#)
