

Microbe Formulas Gives Over 1,000 Bottles of Products to Local Nonprofit

*Local Meridian Health Company
Prioritizes Giving Back and Community
Involvement in 2022*

MERIDIAN, ID, UNITED STATES,
February 10, 2022 /EINPresswire.com/
-- This week Microbe Formulas donated
over 1,000 bottles of gut health
products to Idaho Community
Outreach Behavioral Services (COBS) to
support human trafficking victims in
recovery. On Wednesday, February 9th,
Microbe co-founder and CEO Dr. Todd
Watts spent the morning educating the
organization's employees on how the
products work and how to attain best
results.

Microbe provided 500 bottles of their
flagship product, Mimosa Pudica Seed, along with an additional 500 bottles of Formula 2. These
products were given as a combo to help promote digestive and immune health to those
supported by the nonprofit.

“

We are doing everything we
can to find ways to give back
to our community, and
supporting local charities
feels like a great way to do
so.”

*Dr. Todd Watts, co-founder
and CEO of Microbe Formulas*

Microbe and COBS have partnered in multiple events over
the last year, including the highly successful [“Fill the
Shelves”](#) essential item drive in August 2020. In June 2021,
COBS successfully hosted their annual golf fundraiser
“Tee’d Off at Human Trafficking” where Microbe was a main
sponsor. Both events raised over \$20,000 to cover the rent
on their safe house shelter for one year, as well as
essential items needed.

At the presentation on Wednesday, Paula Barthelmess,
founder of COBS, shared with Microbe Formulas, “I just

want to tell you how much we appreciate your support. We've been working together now for a year and a half and it's amazing all you've done. This, fundraisers, podcasts — so we are just very blessed to have you as a partner.”

Those looking to donate, provide service, or learn more about Idaho's Community Outreach Behavioral Services (COBS) can visit the [Idaho COBS website](#).

Microbe Formulas is no stranger to supporting local charitable organizations. Just in this last year, they have sponsored and participated in events held by the Women's and Children's Alliance (WCA), Community Outreach Behavioral Services (COBS), St. Vincent's Charity, the Hispanic Business Association, and more.

It does not stop there. This May, Microbe Formulas will donate an additional 4,200 bottles of product to Flock Cancer of Idaho's "Pink Street Stroll" Charity Walk. 2,100 bottles of Mimosa Pudica Seed and 2,100 bottles of Formula 2 will be paired and given as combos to the walking participants during the event.

Watts shares, "The Treasure Valley community has continued to nurture and support our business since we were founded in 2017. We are doing everything we can to find ways to give back to our community, and supporting local charities feels like a great way to do so."
