and universities and have the
opportunity to get accepted right on the site. All students are welcome to come to learn about
the rich history and legacy of HBCUs.

Students must bring their transcripts, and if available bring test scores to get accepted on site. Some colleges will even accept 11th graders on the spot. College transfer students can also get accepted on site. College application fees are waived to save families hundreds of dollars. Millions of dollars in scholarships will be available to students that share their transcripts and test scores.
