

Paysharp Launches Enterprise Grade UPI Solution To All Business

Paysharp is an Indian fintech company, Launches its UPI solution to all businesses from closed beta.

CHENNAI, TAMIL NADU, INDIA,
February 21, 2022 /EINPresswire.com/
-- Paysharp launches its [UPI solution](#) to all businesses from closed beta.

What is UPI

Unified Payments Interface is the number one payment method in India. It is a non-card based real-time payment method introduced in India which dominates the Indian payment ecosystem both offline and online.

UPI Payment Stack by Paysharp

Paysharp offers enterprise grade complete UPI solutions for businesses to easily integrate with their system so businesses can collect frictionless UPI payments on their E-commerce store or website or App. Paysharp launched it's UPI stack to limited business in October 2021 then it rolled to few more business. Now Paysharp's UPI solution is open to all businesses.

Paysharp provides a complete UPI solution with branded VPA handle and customization with all the UPI payment options such as mobile intent (tap and pay), dynamic QR code and collection request. Businesses can easily integrate UPI payments. Paysharp only charges a small flat fee per transaction as platform fee, which is a cost-effective alternative to percentage based pricing. Paysharp's UPI solution is technically very strong and designed to handle unpredictable scales.

Features:

Complete UPI stack

Flat pricing per transaction as platform fee

Scale without any limits

Very good success rate
