

EvoCharge Announces New Consumer EV Charging Station Ecommerce Store

The new consumer store simplifies the purchasing selection for Home Level 2 charging stations in addition to the existing commercial account business site.

MINNEAPOLIS, MN, UNITED STATES, February 15, 2022 /EINPresswire.com/ -- EvoCharge®, an industry leader in Electric Vehicle Supply Equipment (EVSE) and cable management solutions, is proud to announce the launch of its new online store at www.evocharge.com. The new site features a streamlined, modern design, improved functionality, and easy navigation to help EV drivers, residential and commercial property owners, and EV charging station installers find the right solutions to suit their needs.

"With electric vehicle adoption increasing rapidly, we're thrilled to debut the new EvoCharge website for consumers and business customers who are looking for industry-leading Level 2 EV [charging stations](#) and cable management solutions," said Manish Virmani, vice president of sales and marketing for EvoCharge. "This website redesign makes it easy for consumers to learn more and to make purchases, and for our business clients to configure solutions for their customers' applications."

Which Charging Solution is Right for Me?

Driving an EV is only practical if you have convenient charging options to pick from, and what's more convenient than charging your vehicle at home? Our Level 2 electric car home charging station options are simple to install, secure and a cost-effective option for keeping your EV or PHEV powered. Enjoy fast, convenient charging from the comfort of your home.

EvoCharge Home Charging Station Shopping Site

This website redesign makes it easy for consumers to learn more and to make purchases, and for our business clients to configure solutions for their customers' applications."

Manish Virmani, vice president of sales and marketing for EvoCharge

The refreshed EvoCharge website is rich with product features for home and commercial businesses, informative articles, incentive program links, frequently asked questions, and online chat for quick answers. Users can also utilize the Build a Charger tool to find the charging station that fits their needs, and the EV Charge Time tool to find out how quickly their EV will charge with a Level 2 EvoCharge station. Visitors are encouraged to explore the online store at www.evocharge.com.

About EvoCharge
