

# Must High-Tech Expo announces Embedded Day event to explore the Identity industry Trends and Innovations in 2022.

*We organize Embedded Day event to bring together professionals, engineers, innovators, influencers, to explore technology trends and innovations in 2022.*

PARIS, ÎLE-DE-FRANCE, FRANCE,  
February 15, 2022 /EINPresswire.com/

-- An Embedded system is a combination of hardware (MCU, APU, ASIC, PMIC, FPGA, DSP,..) and software (OS, Middleware, ..) to meet the requirement of Applications such as

Automotive, Communication, Consumer electronics, Industrial, Healthcare,.. for specific electronic systems. In this embedded systems conference, we will span the last trends and the most impactful technologies in embedded bringing innovations to applications: AI, cybersecurity, System -On-Chip and ULP as well as identify requirements on the advanced embedded systems design and deployment.

“

“We have performed 3 events in 2022 with hundreds of attendees and tens of speakers but the most important thing is the interactivity and transactions that we succeeded to create within our community.”

*Anne Presson, Must High-Tech Expo Director.*

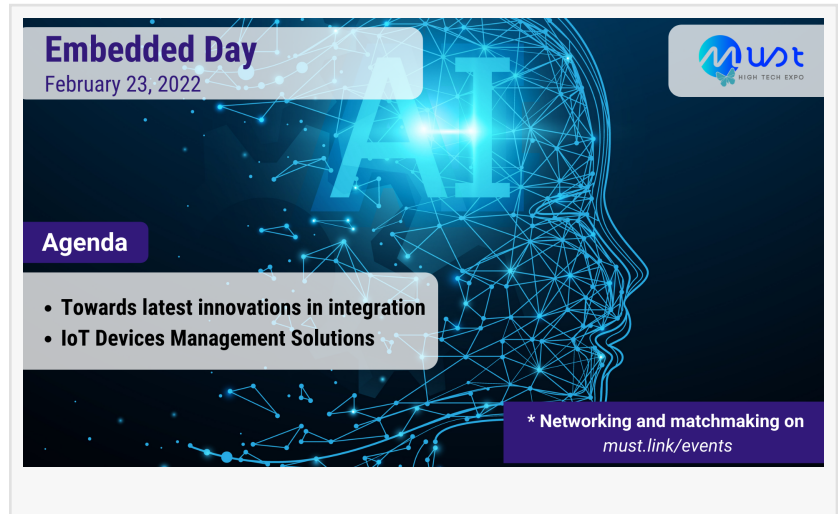

We will deep dive and explore the latest trends and innovations on the Embedded Systems market from the latest innovations in chips and system integration to IoT devices management solutions.

Among the speakers, you will meet technology leaders of the Embedded Systems industry as well as most recognized startups with disruptive technologies.

To learn about the event speakers and attendees, please

“We have already performed 3 events in 2022 with hundreds of attendees and tens of speakers but the most important thing is the interactivity and transactions that we succeeded to create within our community. In addition, our program “The Show Must Go On” will help the community staying connected and active during the whole year! Continuity is important in any B2B relationship.” Said Anne Presson, Must High-Tech Expo Director. Everyone can also ask questions during the sessions on the session chat or Twitter using the hashtag #askmusthightechexpo.
