Wyeshia said " The community has been a huge reason for our success. Without them, we would not be able to keep our doors open. This is our way of giving back to the community, to say thank you. We have to stick together, to support one another; that is the only way that we can push through these difficult times, face our challenges and grow. Together, we are stronger; we can push past adversity and make it through. Covid has forced us out of our comfort zones and destroyed so many lives. It is through many small acts that we can achieve a larger goal. We hope that this initiative helps us make a difference."

Showtime of GMG is a recording artist who is affiliated with platinum recording artist Twista. He has toured the globe and has sold thousands of records through his tenure with GMG entertainment and has featured with significant game players in the hip hop industry, working with artists such as Twista, Yung Joc, Hitmaka, Lil Scrappy, and a host of others. Showtime has been noted for his philanthropic work and works closely with the community to uplift and enrich the lives of others.

“Working with Showtime is amazing. It is always good to work closely with someone whose values and ideals link with your own, especially with this kind of initiative. This is an exciting time, and I hope that we can work together on other projects in the future. Helping others is a passion that we both share.” said Watts-Wren.
