

# HRdownloads made it to the 2022 list of Best Workplaces™ for Hybrid Work

*HRdownloads is proud to announce that they have been named on the 2022 list of Best Workplaces for Hybrid Work!*

LONDON, ONTARIO, CANADA, February 15, 2022 /EINPresswire.com/ -- HRdownloads is proud to announce that they have been named on the 2022 list of Best Workplaces for Hybrid Work!

Like many organizations across North America, early pandemic shutdowns meant HRdownloads had to adapt to lockdown regulations and find ways to keep up morale while navigating a changing world. With this award, the company believes the hard work that went into the fast flip to remote work has paid off.

“When the pandemic began, we were like many other Canadian organizations; we had never operated in a fully remote working environment. We knew we had to adapt quickly without losing focus on our culture or our clients,” says Sharon Bunce, Chief of Staff at HRdownloads. “We are so proud of how our teams rose to the challenge and managed not only to keep things moving but to thrive. Throughout this successful change, we have continued to grow our amazing culture and transition to a ‘work where you are most productive’ model, letting employees determine which work model is most successful for them.”

HRdownloads received this honour after a thorough and independent analysis conducted by Great Place to Work®. The list is based on direct feedback from employees at the hundreds of organizations that were surveyed by Great Place to Work®. The data has a 90% confidence interval and a 5% margin of error.

For the foreseeable future, HRdownloads plans to continue to offer hybrid options for employees. Their team has embraced the idea of being able to work from anywhere, providing
