

Top Aerospace Distributor in North America

DENVER, COLORADO, UNITED STATES, February 28, 2022 /EINPresswire.com/ -- [Krayden](#), Inc. is one of the world's top technical distributors of aerospace engineered materials serving North America, South America, and Asia. Krayden serves leading manufacturers in Aircraft, Space Systems, Avionics, Air

Krayden, Inc.

Transportation, Satellite and Defense. Their technical sales team partners with the industry's leading suppliers to deliver the best structural adhesives, resin formulations, process materials for composites and chemicals for Original Equipment and Contract Manufacturers.

“

With over 30 years of expertise under their wings, Krayden is a leader in structural adhesives and surface treatments for the aircraft OEM and MRO industries.”

Mike Martin

Krayden, Inc. is focused on delivering engineered solutions, customized support and best in class responsiveness and their global staff of Sales Engineers provide customers with application driven solutions that are practical, economical, and performance driven. The company's 30+ years of proven expertise is supported by a global distribution network and in-market customer support.

Additionally, in 2021, Krayden acquired [Northern Composites](#) to strengthen its composite manufacturing and kitting services and to extend its footprint in the

aerospace marketplace. The product lines include Northern Composites branded vacuum bagging materials, PFG peel plies, ITW sealant tapes, BGF dry reinforcements, Mitsubishi prepregs, tooling materials and custom kitting.

Krayden understands the demanding approval and specification processes that are essential to the aerospace business, and it maintains an AS9120 compliant quality system with certification to AS9120 and ISO9001 at their primary Aerospace distribution warehouses.

Krayden leverages the industry's leading innovators in the space to help identify its customers' pain points and find creative ways to resolve issues. Additionally, partner suppliers invest heavily in R&D to provide a wide range of products to tackle any manufacturing or maintenance need.

Krayden's supplier solutions include the following industry leaders:

- Dow
- Loctite & Bonderite from Henkel
- Chemetall
- Kaneka
- BM
- Bostik
- Daird
- Vantage

Krayden's Aerospace Product solutions include:

- Composites
- Laser, CNC & Die Cutting
- Silicones
- Thermal Management
- Structural Adhesives
- Film Adhesives
- Maintenance and Repair (MRO)
- Coatings
- Interior: Flame, Smoke, Toxicity
- Fitting

Krayden along with their suppliers, and subsidiaries is a resource center for the Aerospace industry. Their state of the art precision cutting facility offers custom aerospace film parts for overnight delivery and/or long-term weekly deliveries.
