

Jasson Walker Jr. Invited To Make 3 Presentations at 3rd OSCAL Workshop

cFocus Software announces that our President & CEO, Jasson Walker, Jr. has been invited to make 3 presentations at the 3rd OSCAL Workshop.

LARGO, MD, UNITED STATES, February 16, 2022 /EINPresswire.com/ -- cFocus Software announces that our President & CEO, Jasson Walker, Jr. has been invited to make 3 presentations on ATO as a Service™ at the 3rd Open Security Controls Assessment Language (OSCAL) Workshop.

About the NIST [3rd OSCAL Workshop](#)

The 3rd OSCAL Workshop is a 2-day workshop held annually by the National Institute of Standards and Technology (NIST). The workshop will provide attendees an opportunity to familiarize themselves and build skills in the development and use of OSCAL. Day one of the workshop will highlight OSCAL 1.0.0 layers and models, with the goal to familiarize the audience with the OSCAL architecture, formats, how these models can be used to support security assessment automation, continuous monitoring, continuous ATO and development, security and operations (DevSecOps). Day two of the workshop will explore OSCAL-based automation solutions, starting with the Federal Risk and Authorization Management Program (FedRAMP) Program Management

“

I look forward to returning to speak at the 3rd OSCAL Workshop! Our product ATO as a Service™ is 100% OSCAL compliant, and we look forward to sharing our experience and engaging the OSCAL community!”

Jasson Walker, Jr.

Office’s (PMO) efforts to digitalize authorization packages submitted in OSCAL, will present FedRAMP’s updated OSCAL resources that include a comprehensive set of guides for additional deliverables.
