TAMPA, FL, UNITED STATES, February 16, 2022 /EINPresswire.com/ --

[Pathfinders Downsizing Solutions](#) is proud to announce their new Photo Digitization service is now available. It will be offered as both a standalone service and as an addition to a client's active project. This service enhances the current capabilities of Pathfinders past their moving, downsizing, organizing, and design foundation.

Photo digitization preserves old, fragile photos by making a print-to-digital transfer and allows for stress-free organization and sharing. Pathfinders takes client photo albums and scans each image to a computer, producing a final high-quality CD or flash drive that holds all the memories in a digital format. Photo digitization is a highly valuable service that helps ensure print photos never get lost or damaged and helps declutter a home during downsizing and moving.

“

Photo Digitization is going to make such a positive impact on our clients and the Pathfinders downsizing capabilities.”
