

Author Judy V. Rentz Shares Her Own Story of Pain, Redemption

Autobiography tells how writer overcame illness

COOKSTOWN, NEW JERSEY, USA, February 16, 2022 /EINPresswire.com/ -- Cookstown, NJ—Pain always tells us something—it tells us that something is wrong, something that needs our attention and care. We rely on doctors and medicine to help us determine what it is that hurts us and how to make it stop. But what if despite numerous visits to different doctors and hospitals you are nowhere near in finding out what it is that causes you pain? This is the very story that author Judy V. Rentz shares in her autobiography [Fighting to Survive](#).

A country girl at heart, author Judy V. Rentz grew up near Maryville, Tennessee. She views her mother as a driving force in her life and took after her in reading and following what's written in the Bible. She later married her husband and due to his work at JC Penney Co., they moved frequently. However, their constant travels gave them the opportunity to share and enjoy the wonderful places and sights in the United States with their two kids.

For six-and-a-half years, Judy had to learn how to survive and live with the crippling pain she experienced. With no definite diagnosis nor cure, she constantly searched for a practitioner who would be able to help her, understand her pain, and show her compassion. However, the attacks were unrelenting and became harder and harder to endure, making her question her will to survive. Fortunately, with God's grace, she found help and has lived to share her story in the hopes of helping others going through something similar to what she experienced.

A compelling and inspirational read, *Fighting to Survive* offers a beacon of hope to those who suffer from pain. Grab your own copy today by ordering on Amazon!
