"The history of these people is rarely thought of and even less rarely written about because there are few records as most would have been illiterate. There is much written about the nobles but what about the common people. At the time, 85% of people were peasants and yet their story is often untold." Paul Rushworth-Brown 2022

### Historical Fiction Told Like it Should be

*Isn't it just so great when you find books that completely drag you in, make you fall in love with the characters and demand that you immerse yourself?*

SYDNEY, NSW, AUSTRALIA, July 26, 2021 /[ENPresswire.com](#)/ – "The bleak Pennine moors of Yorkshire, a beautiful, harsh place, close to the sky, rugged and rough, no boundaries 'cept the horizon which in some places went on forever. Green pastures and wayward hills, the colours of ochre, brown and pink in the Spring. Green squares divided the land on one side of the lane and on the other. Sheep with thick wool and dark snout dotted the hills and dales. One room, cruck house cottages, scattered, smoke billowing out of some and not others. Dry stone walls dividing and falling, a patchwork of green, green and more green. Long grasses whispered while swaying in the chilled wind waiting for the summer months."

The story, set on the moors of West Yorkshire, follows wee Thomas and his family shortly after losing his father to consumption.

Times were tough in 1603 and there were shenanigans and [skulduggery](#) committed by locals and outsiders alike. It is the time of the English Reformation, Queen Bess has died and King James sits on the throne of England and Scotland.

Thomas Rushworth is now the man of the house being the older of the two boys. He is set to marry Agnes, in an arranged marriage, but a love story develops between them. This rollicking adventure paints a descriptive picture of the characters and the landscape they fill. You are kept in suspense 'til the final pages where one hopes good will triumph over evil.

"...a period well versed and presented with accuracy and authentic telling...masterful & thoroughly enjoyable... 5 stars."

Paul Rushworth-Brown was born in Maidstone, Kent, England in 1962. He spent time in a foster home in Manchester before emigrating to Canada with his mother in 1972. He spent his teenage years living and going to school in Toronto, Ontario where he also played professional soccer in the Canadian National Soccer League. In 1982, he emigrated to Australia to spend time with his father, Jimmy Brown who had moved there from Yorkshire in the mid-fifties. He was educated at Charles Sturt University in New South Wales, Australia. He became a writer in 2015 when he embarked on a six-month project to produce a written family history for his children, Rachael, Christopher and Hayley.

This four-hundred-page book traced his family's ancestry back to Haworth, Yorkshire where his ancestors had been living as copyholders or peasant farmers since 1590. His Great Grandfather James Rushworth 1st was a carpenter and the first to move away from the dales in the mid-1800s with his wife and nine children. Through this research, he developed a passion for writing and [Skulduggery](#), Winter of Red and the soon to be released Dream of Courage is a continuation of this.

"The history of these people is rarely thought of and even less rarely written about because there are few records as most would have been illiterate. There is much written about the lords and ladies but what about the common people. Having the ability to research and describe what life may have been like gives my readers

"Isn't it just so great when you find one of those books that completely drags you in, makes you fall in love with the characters and demands that you immerse yourself in its realm? This is one of those books for me. And I must issue a serious content warning: this book describes how life was like on the moors in the 1700s with a highly descriptive nuance. Proceed with caution if you are particularly sensitive as its truths will shock." The US National Times
