As a young man in the 80’s, Minister Redeemed had a promising career in professional basketball. But it all came to a screeching halt when he succumbed to the addiction to crack cocaine, which had him bound for over two decades. After several stints in multiple treatment centers, and by the [grace](#) of God, he was able to kick the habit and find full restoration as he gave his life to Christ and Christ-centered living. By the grace of God, through Apostle Kimberly Daniels (founder of Demon Busters Ministry), the 700 Club found out about his story and

The positive influence that Minister Redeemed displays over the masses cuts through strongly in his music. His debut recording "Taking It To The Streets" was his musical proclamation of his commitment to God to the world. A minister in his own right, Minister Redeemed has personally touched the lives of many with his straight-forward musical approach to godly living, as well as his solemn warnings for choosing the negative options the world has to offer. The music is yet another avenue through which he touches the lives of so many people. There is something in his music that can relate to the masses in all demographics.

"That's Not My Name Anymore" is a message of redemption that thousands of listeners are already gravitating to.
