The association between Smart Cover and LeicSAR

Intending to safeguard mental & physical wellness, we have decided to offer this free one-year private GP online service to Leicestershire Search & Rescue (LeicSAR). They are a non-profit organisation composed entirely of emergency volunteers who provide vital support and

assistance to emergency services, local authorities, and the general public, 24 hours a day, 365 days a year.

At Smart Cover, in terms of wellness, we believe it's crucial to find ways to support and provide the tools needed to cope especially in light of the ongoing effects of the COVID-19 pandemic. For example, the benefits of the private online GP service are available to all the LeicSAR team members who undertake significant work of caring for the community.

The coordinator of this initiative states, "Everyone at Smart Cover is immensely proud of this initiative. We are sponsoring the free access to LeicSAR which will benefit 50+ people, including team leaders, radio operators, first aiders, and qualified search technicians. In addition, this will have an indirect benefit to members of the general public, and the community as a whole, who find themselves requiring assistance from LeicSAR".
