Chalwa Live

After hitting the scene in 2006, Chalwa toured throughout the southeastern US and Jamaica. They have shared the stage with reggae greats such as: Steel Pulse, Midnite, Groundation, The Meditations, Bambu Station, SOJA, Pato Banton and many more. Chalwa released their first CD in 2009 and were voted one of the top World Music Reggae bands by the ASHEVILLE entertainment paper the MountainXpress in 2010. Chalwa recorded 3 more albums over the past 10 years, continuing to cultivate and grow both their sound and impressive crew.

In 2020, Chalwa released their latest album "NewRootz", honoring their producer and engineer J Ferris of NewRootz Studio, dropping a powerful album that solidified their current sound. Surfing the resonant frequencies, Chalwa followed the release with 2 more singles, "Questions" and "What's it Gonna Be?" as they watched the world turn upside down in 2020; they became busier than ever in the studio. Chalwa has blasted both themselves and NewRootz Studio into a new realm of recording sessions & releases, putting them on track to create the biggest archive collection of their time.
