An Overview of the Impact of COVID-19 on this Market:

The pandemic of COVID-19 continues to expand and impact over 175 countries and territories.

Although the outbreak appears to have slowed in China, COVID-19 has impacted globally. The pandemic could affect three main aspects of the global economy: production, supply chain, and firms and financial markets. National governments have announced largely uncoordinated, country-specific responses to the virus. As authorities encourage “social distancing” and consumers stay indoors, several businesses are hit. However, coherent, coordinated, and credible policy responses are expected to offer the best chance at limiting the economic fallout.
