

Charta Global to Showcase its Plastic Free, Sustainable Food Packaging Solutions at the Natural Products West Expo

Bio Natura is plastic-free, sustainable food packaging solutions offered by Charta Global, Anaheim, CA. Curbside Recyclable and Compostable.

ANAHEIM, CA, UNITED STATES, February 24, 2022 /EINPresswire.com/ -- Its revolutionary [Foopak](#) Bio Natura range offers households, FMCG brands & quick serve restaurants petroleum-free and recyclable options to tackle the global plastics scourge

Responding to market demands for plastic-free sustainable food packaging solutions, U.S. based [Charta](#) Global and its strategic partner Asia Pulp & Paper ([APP](#)) Sinar Mas will showcase its

Foopak Bio Natura portfolio of retail ready hot & cold beverage cups, bowls, frozen food trays, boxes, bags and food wrappers at the Natural Products West Expo, March 10th – 12th at the Anaheim Convention Center.

The featured products on display include APP's award-winning Bio Natura paper-board along with its suite of finished plastic-free compostable beverage cups. Bio Natura is ideal for hot and cold takeaway food service and ready to eat fast moving consumer goods (FMCG), beverages, bowl, cups and boxes designed specifically for food packaging. The paper packaging product can go from freezer to conventional or microwave oven and back to the refrigerator for storage and reheating. The innovative, fully sustainable and revolutionary aqua-dispersion coating technology replaces harmful petroleum-based and plant-based plastic coatings. Bio Natura material is home compostable within 24 weeks, and certified plastic-free for curbside recyclability. It is also FDA compliant, meets Halal requirements, and is both REACH and BfR certified for direct food contact.

“Change is happening now as consumers demand and governments mandate retailers, brand owners and quick-serve restaurants to eliminate single-use plastics from their supply chains. Our Bio Natura product is commercial available today, has been market tested and proven to provide both the sustainable attributes and functionality needed for hot-cold liquids, frozen or fried foods in a plastic-free, recyclable, and compostable material”, said Anthony Atamimi, Director of Sales, Charta Global.

Also on display will be the companies’ Enza and Foopak brand suite of lightweight, flexible, PFAS-free line of paper packaging for bakery, liners,

packets, wrapping, and bags. The durability of the smooth in-line finishing provides a sustainable alternative to petroleum-based film pouches. Both Enza and Foopak are FDA compliant, and all paper products being featured at the expo are from renewable PEFC-certified fibers.

“

Consumers demand and governments mandate retailers, brand owners and quick-serve restaurants to eliminate single-use plastics from their supply chains. Bio Natura products are commercially available.”

The advertisement features a background of dark brown soil with green seedlings growing from it. At the top left, the 'bio natura' logo is in a small green box. Below it, the word 'foopak' is written in large, bold, orange letters, followed by 'Foodservice Packaging' in green. To the right, a white paper cup is shown with the Bio Natura logo and the text 'Plastic-Free Compostable Curbside-Recyclable' in green and orange. Below the cup, there are eight circular icons representing various certifications and features: FDA Compliant, Plastic-Free Paper, Curbside-Recyclable, Compostable, No 'Forever' Chemicals, Responsible, Microwavable, and Freezer to Oven. Below these icons, the text 'Hot/Cold Containers' is followed by an image of a white paper container with the Bio Natura logo and the text 'Plastic-Free Compostable Curbside-Recyclable' and '16 oz (473 ml)'. To the right, the text 'Hot/Cold Beverage Cups' is followed by three images of white paper cups with the Bio Natura logo.

foopak
Foodservice Packaging

Bio Natura is an award winning, sustainable paper packaging that uses water-based, nano-coating technology that replaces non-recyclable, non-compostable plastics.

Since Bio Natura is a plastic-free, it can be recycled in curb-side, municipal waste streams along with paper.

Bio Natura packaging is industrial compostable in 12-weeks and home compostable in 24-weeks without any special treatment.
