

Encore Energy Group Announces Partnership with Enel X

Providing smart EV charging station solutions up and down the East Coast

FAIRFIELD, NEW JERSEY, UNITED STATES OF AMERICA, March 1, 2022 /EINPresswire.com/ -- [Encore Energy Group](#), a subsidiary of EncoreLED USA, announces partnership with Enel X to become a leading East Coast distributor of the JuiceBox™ and JuicePump™ electric vehicle (EV) charging stations. With over 16 years of experience in the field of sustainable energy, Encore Energy Group expands its focus to include best-in-class EV charging solutions in the commercial and industrial space, including commercial businesses, cities and governments, property managers, and automotive dealerships, among others.

"As a leading distributor of the JuiceBox™ and JuicePump™ EV charging stations on the East Coast, Encore Energy Group is excited to bring EV charging solutions to businesses looking for sustainable energy solutions that qualify for tax incentives and rebates," states Bill Dato, CEO of Encore Energy Group. "With the electric vehicle market booming, new projections state that EV sales will sharply increase over the next few years, rising from 3.1 million in 2020 to 14 million in 2025.† Encore Energy Group's partnership with Enel X is crucial to meeting demand for fast, clean, and convenient EV charging stations."

Encore Energy Group will offer the innovative JuiceBox™ and JuicePump™ EV charging stations produced by Enel X. These EV charging solutions will maximize land, property, and business owners' return on investment with the high demand for EV charging stations as more and more drivers purchase electric vehicles. For example, the powerful JuicePump™ 175 kW can effortlessly charge electric vehicles to 80 percent in under 20 minutes. With these lightning-fast charge speeds, now is the time to establish leadership in the EV industry with an Enel X charging station from Encore Energy Group.

"Enel X is pleased to partner with Encore Energy Group as the adoption of EV chargers continues to grow and evolve," said Giovanni Bertolino, Head of e-Mobility, Enel X North America. "EVs are already replacing over 1 million barrels of oil demand per day. With JuiceBox™ and JuicePump™ charging stations, consumers, utilities, businesses, and municipalities can drive the electrified transportation future and build a cleaner tomorrow."

With Encore Energy Group, land, property, and business owners looking to purchase an EV charging station can take advantage of utility incentives and rebates available while providing

turnkey installation for the EV charging stations of their choice. Contact us today to start capturing new revenue streams at discounted rates.
