## FINDING A LAWYER FOR UNPAID IN NEW YORK AND NEW JERSEY

Here is background on this release. First and foremost, retail workers face a tough working environment in New York and New Jersey. Long hours, difficult work relationships with

supervisors, and a conflict of interest between employers who want to pay as little as possible and employees who seek a decent wage all make for a conflict-heavy environment. Employees may be required to work long hours, yet not receive legally required overtime. Or, they may work and not get paid. In either situation, reaching out to an employment lawyer in New York and New Jersey who understands the issues around unpaid wages and overtime is a good step. Often, the layperson only vaguely suspects that something is amiss. A trained legal mind can evaluate the facts and law and give sound advice on the next, reasonable course of action.
