

Data Acquisition Card Market | Key Players: ABB Limited, ADLINK Technology Inc., Advantech Co, Campbell Scientific

Data acquisition card is the application used to gather & store data from sensors and instruments located at different locations within the site or plant.

PORTLAND, PORTLAND, OR, UNITED STATE, February 25, 2022

/EINPresswire.com/ -- The global [data acquisition card market](#) is expected to register substantial growth in the near future, attributed to increase in implementation of cloud based applications, the need for real time data, increased ICT spending, and rise in demand for industrial automation. However, factors such as high initial investment, lack of awareness, and complex database system are expected to restrict the market growth.
