Dreamdays tailors the corporate gift experience to be just as unique as its recipient, giving more than just a tangible object, but a memory that will stay with that person forever.

Dreamdays has a broad array of corporate gifts vouchers to choose from. They are easy to gift and easy to use, with plenty of different options like gift evouchers, gift cards, instant e-codes, and collections vouchers. These promotional gift experiences in Dubai are simple to redeem, too!

Perfect for employees or customers, they can be given as a Reward & Recognition, Long Service Award, Gift, Incentive & Promotion, Prizes, and Standalone Event.

Birthday Gift Experiences

People like novelty in one way or another. In fact, our brains are made to be attracted to novelty. Our brains love newness!

Scientists have discovered that novel objects perk up the reward system of our brains, indicating our sense of adventure—exploring or learning something new—may be just as tempting as cash and other prizes in the choices we make (University College London's Institute of Cognitive Neuroscience).

That is why trying new birthday gift experiences will never go out of style. Dreamdays understands this, and it keeps on updating its birthday packages selection because Dreamdays believe that people deserve some treat on their special day.

Dreamdays prides itself on providing high-quality customer service which has been a key driver in its success for staying in business for 17 strong years.

17 Strong Years in Business

Running a business is not an easy feat. It is about creating a life, as it is about making a living. It takes courage, determination, and foresight to get in the game.

When the coronavirus pandemic led to lockdowns and restrictions that drastically slowed business and disrupted supply chains, many companies were forced to make financial cuts. Worse, to declare bankruptcy and eventually to close.

So, learning valuable lessons during the pandemic is key. Companies that have made strategic decisions with their clients and customers in mind would probably have fared better than others.

Dreamdays have used the many opportunities that came up in the past years to try new things to help it become more successful in the long run.

So, even though the tourism industry has been hardly hit by the pandemic, Dreamdays has continued to soar and stay strong in business for 17 years

. . . and will continue to do so for more years to come!
