

NFTs Benefiting Ukraine's Refugees are Being Sold on OpenSea

100% of the NFT proceeds will be distributed among Ukraine refugees charity, ROZETKA, and Fozzy Group.

BUCHA, KYIV OBLAST, UKRAINE, March 1, 2022 /EINPresswire.com/ -- Show support for Ukraine through donation or buying a unique one-of-a-kind [NFT](#) artwork. [Spectruth](#) is releasing ten (10) unique NFTs that are limited to 1 of 1 with 100% benefitting Ukrainian women and children refugees.

With over 200,000 refugees having crossed into Poland and 5 million more expected, we must help these

refugees. Spectruth is working with an American not-for-profit Holz Foundation to ensure that all 100% of every NFT sale goes towards helping these refugees. They will try and help women with children coordinate the various locations where they can move, sign up for available programs, provide phones, notify loved ones of new contact information, offer translation services, and supply weather appropriate children's clothing.

“

Do Well By Doing Good”

Mikail Aslan

Please help us help them.

To fund a portion of this project, Spectruth is offering unique NFTs for sale. There is a series of ten, one-of-a-kind, digital artworks listed on OpenSea under the Spectruth collection. These one-of-a-kind NFTs theme involve Putin's evil nature and serves as a reminder to end this madness. For example, three of the artwork titles are: Putin's Death by Suicide, Many Face of Putin's Death, and Putin in Ukraine's Hell.

NFTs start at .035 ETH with the one-of-a-kind NFTs starting at 1 ETH.

For people not interested in NFTs but want to donate, they can give any amount at the Spectruth

website with 100% either going towards rebuilding a destroyed orphanage in Kiev or helping Ukrainian women and children refugees. For you information, Ukraine houses over 100,000 Ukrainian orphans. Either way, help us help them.

Visit

<https://opensea.io/collection/spectruthmetaverse> to purchase an NFT or visit https://www.spectruth.com/orphanage_s to learn how you can help rebuild orphanages destroyed in Ukraine.
