

# Matrixforce Recognized as Oklahoma's Top Microsoft Gold Partner

*Joined the Microsoft Partner Network in 1994 with over 5,000 on-time and on-budget projects*

TULSA, OK, UNITED STATES, March 1, 2022 /EINPresswire.com/ -- Today Matrixforce announces 28 years in the Microsoft Partner Network, once again

achieving [Microsoft Gold Partner](#) status in Cloud Productivity, as Oklahoma's exclusive Microsoft Direct Cloud Solution Provider (CSP). The accolade of Gold Partner is awarded to only the top 1% of Microsoft partners and is a recognized mark of the highest standards of technology and business performance worldwide.

It's been a great partnership with Microsoft and very rewarding to help Oklahoma businesses compete better all these years"

*Kevin Fream*

Only a Direct CSP is qualified to provide support and billing for Microsoft under the Microsoft Cloud Agreement with customers. All other Indirect CSP entities have little or no competency requirements, acting solely as a reseller using a third-party distributor for billing and support.

"It's been a great partnership with Microsoft and very rewarding to help Oklahoma businesses compete better all

these years" said Kevin Fream, CEO at Matrixforce. Unfortunately, 75% of businesses are unknowingly at high risk of revenue and reputation loss using unvetted IT support that voids cyber insurance for cybersecurity incidents.

About Matrixforce:
