

Vermont US Navy Veterans Lung Cancer Advocate Has Endorsed Attorney Erik Karst of Karst von Oiste for a Navy Veteran Who Has Lung Cancer in Vermont-and Who Had Navy Asbestos Exposure-Compensation May Exceed \$100,000

BURLINGTON , VERMONT , USA, April 22, 2022 /EINPresswire.com/ -- The Vermont US Navy Veterans Lung Cancer Advocate says, "We are passionate about making certain the Navy Veterans or people who had significant exposure to asbestos in the navy or at work before 1982 get compensated if they have recently been diagnosed with lung cancer. To get the compensation job done for a person like this we have endorsed, and we recommend attorney Erik Karst of the law firm of Karst von Oiste. If the person-we have just described in Vermont has just been diagnosed with lung cancer-please call attorney Erik Karst at 800-714-0303 to discuss compensation.

"For compensation to be possible for a person like this it is incredibly important they be able to recall the specifics of how, where and when they were exposed to asbestos in the navy or at work. It is this information that will become the foundation for a compensation claim-as attorney Erik Karst of Karst von Oiste is always happy to discuss at 800-714-0303.

"Most people like this never get compensated because they are under the impression the \$30

billion dollar asbestos trust funds were set up for people with mesothelioma only. In fact-these trust funds were also set up for people with lung cancer as well." www.karstvonoiste.com/
