About HWPL

Heavenly Culture, World Peace, Restoration of Light (HWPL) promises peace and acts upon the promise. HWPL is an international NGO committed to attaining the shared goal of humanity—establishing peace and ceasing wars.

In 2013, HWPL declared through the Declaration of World Peace that, to end wars and bring peace to the global community, a new international legal instrument was needed. At the 2014 World Peace Summit, legal and political leaders from around the world signed an agreement with HWPL to work together on drafting such a document. In just a year and a half, on 14 March 2016, the Declaration of Peace and Cessation of War (DPCW) was proclaimed, and HWPL is actively committed to the introduction of the DPCW into international law.

With partner group, the International Women's Peace Group (IWPG), and affiliate group, the International Peace Youth Group (IPYG), HWPL is leading an international peace movement with leaders in all walks of life without being limited by national, cultural, or ideological boundaries. Moreover, HWPL seek to contribute to the UN Sustainable Development Goals by spreading a

culture of peace through various means such as forums, education, volunteer work, and campaigns.

HWPL's peace activities will continue until sustainable peace is assured for future generations.
