

Hand Dryers Market Demand Significantly Improved With The Hospitality Industry Growth

The Business Research Company's Hand Dryers Global Market Report 2022 – Market Size, Trends, And Global Forecast 2022-2026

LONDON, GREATER LONDON, UK, March 4, 2022 /EINPresswire.com/ -- Strong growth in hospitality industry drove the [hand dryers market](#) growth in the historic period. The rapidly growing hospitality industry, such as the rise in hotels and restaurants, boosted the growth of the hand dryers market, driven by the need to meet cleanliness requirements in the food services and hospitality sector. For instance, according to National Restaurant Association in 2019, the restaurant industry is expected to double its sales by 2030. According to TBRC's hand dryers market analysis, strong economic growth in hospitality industry boosted the demand for hand dryers which drove the market during the historic period.

The global hand dryers market size is expected grow from \$1.59 billion in 2021 to \$1.70 billion in 2022 at a compound annual growth rate (CAGR) of 7.1%. The growth in the market is mainly due to the companies resuming their operations and adapting to the new normal while recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The global hand dryers market share is expected to reach \$2.23 billion in 2026 at a CAGR of 6.69%.
