Emergen Research has segmented the global Teleradiology Services Market on the basis of Imaging Technique, End-Users, Products and Services, and region:

Imaging Technique Outlook (Revenue, USD Billion; 2017-2027)

Magnetic resonance imaging (MRI)

Computed tomography (CT)

X-Rays

Ultrasound

Mammography

Others

End-Users Outlook (Revenue, USD Billion; 2017-2027)

Diagnostic Centers

Hospitals & Clinics

Others

Products and Services Outlook (Revenue, USD Billion; 2017-2027)

Software

Hardware

Teleradiology services

Regional Analysis of the Teleradiology Services Market:

North America (U.S., Canada)

Europe (U.K., Italy, Germany, France, Rest of EU)

Asia Pacific (India, Japan, China, South Korea, Australia, Rest of APAC)

Latin America (Chile, Brazil, Argentina, Rest of Latin America)

Middle East & Africa (Saudi Arabia, U.A.E., South Africa, Rest of MEA)

Key Highlights From The Report

The Hospitals & clinics segment dominated the market with a share of 54.6% in 2019 due to the growing adoption of teleradiology services by the hospitals & Clinics. Due to the pandemic, there is a shortage of radiologists, which have led to the increasing adoption of diagnostic imaging procedures in order to maintain workflow and increase efficiency.

The software segment is expected to experience the highest CAGR over the forecast period due to the growing demand for healthcare software to increase data transparency and improve patient outcomes.

North America has the highest adoption rate in the market over the forecast period due to the presence of a technologically advanced healthcare structure.

Asia Pacific is expected to register the highest CAGR over the forecast period due to the increasing initiatives of the government to modernize the healthcare infrastructure and growing investments on the R & D for the production of advanced solutions.

Market Overview:

The research report on the Teleradiology Services market is formulated through extensive primary and secondary research along with qualitative and quantitative analysis of vital aspects of the market. The insightful data is further validated and verified by the industry professionals. The report strives to offer deeper insights into the overall market scenario of the Teleradiology Services business sphere.
