

Start-stop Battery Market Explains Attractive Investment Opportunities With Upcoming Trend & Technology | A123, Panasonic

#3200, SEATTLE, WASHINGTON, UNITED STATES, March 4, 2022 /EINPresswire.com/ -- At the beginning of a recently published report on the [Start-stop Battery Market](#) extensive analysis of the industry has been done with an insightful explanation. The research methodology covers an ideal combination of primary and secondary research with the help of experts. Our reports are revised at regular intervals to be able to give recent information to our clients and help them make efficient business decisions. The information provided in the reports is verified in terms of quality and reliability.

The study presents first-hand information gathered by key stakeholders through quantitative and qualitative assessments based on the Porter's Five Force Model's criteria. It clarifies macroeconomic statistics, parent market trends, and growth drivers. To gain a deeper understanding of the market, primary (surveys, interviews, and questionnaires) and secondary research (SEC filings, white paper references, and published reports) were conducted. The legitimacy of the valuations and market segmentation is also ensured using bottom-up and top-down methodologies.

- » A123 System LLC
- » ATLASBX Co. Ltd
- » East Penn Manufacturing
- » Exide Technologies
- » GS Yuasa International Ltd.
- » Johnson Controls
- » Leoch Battery Inc.
- » Panasonic Corporation
- » Saft America Inc.
- » Tianneng Power International

Among applications, the electric vehicles segment held a dominant position in 2017 and is expected to retain its dominance throughout the forecast period. In 2017, the electric vehicle segment generated revenue of US\$ 4.2 billion, exhibiting a CAGR of 20.6% over the forecast period to reach US\$ 18.8 billion by 2025. Increasing adoption of electric vehicles is one of the major factors driving growth of the segment. For instance, according to International Energy Agency, the global sales of new electric cars surpassed 1 million units in 2017, which was 56 percent sales growth of new electric car as compared to that in 2016. China held the largest market share of sales of electric cars in 2017.

Detailed Segmentation:

Global Start-stop battery Market, By Battery Type:

- Lead-acid Battery
- Absorbent Glass Mat
- Enhanced Flooded Battery
- Lithium-ion Battery

Global Start-stop battery Market, By Application

- Conventional Vehicle
- Electric Vehicle

Key Benefits to Acquire Start-stop Battery Market Report:-

- The report delivers precise information about the important aspects improving the growth of the market like Future growth, opportunities, challenges, and risks.
- It helps to analyze the report with respect to individual growth trends, recent advancements, and future prospects.
- It provides a future forecast examined on the basis of how the market is expected to increase over the world.
- It allows us to comprehend the market by key players, segments, and their future.
- The report includes an analysis of the industrial chain, current market fluctuations, and an analysis of customers.
- It provides significant profiling of top competitors in the market and comprehensive analysis of core competencies.
- This report will help to plan Business Strategies by understanding the opportunities shaping and driving Start-stop Battery Market.
- The report includes Geographical distribution, segments of the overall industry, development designs, and various financial systems.
