

The GrayStar Theory

Aspiring Author Leaves Readers Stupefied with his Science Fiction and

Romance Centered Gripping Novel

TUCSON, ARIZONA, UNITED STATES, March 4, 2022 /EINPresswire.com/ -- Virgil Ballard weaves [science fiction](#), practical jokes, and romance to piece together a possible most sought-after novel The GrayStar Theory designed for people of all ages to spend their time on. Virgil's work of literature serves as a great source of entertainment and inspiration for aspiring authors who just need a little push.

Jason Morely is the principal character in this thriller-clad novel — a timid individual who has the unique ability to levitate and move objects. Jason and his girlfriend delve deep into the possibilities of this gift and have a lot of fun in doing so. This gift leads them to an encounter with “MIB” and ultimately, contact with an alien. This story will specifically appeal to those who like science fiction, practical jokes, and romance a bit too much.
