

Mighty Paw Launches Professional Dog Grooming Clippers For Effortless Haircuts At Home

The family orientated dog gear company released a new cutting-edge tool as part of their line of dog grooming essentials.

ROCHESTER, NY, USA, March 7, 2022 /EINPresswire.com/ -- Mighty Paw, creators of the Smart Bell, Sport Dog Harness 2.0 and other [innovative dog gear](#), announced the launch of a new state-of-the-art dog grooming product today.

The [cordless dog clippers](#) are the latest addition to the brand's line of [at-home dog grooming supplies](#). They're powered with a rechargeable Lithium Ion Battery that lasts 4.5 hours per charge. The combination of its 4 micro settings and 3 blade speed settings enables dog parents to create the perfect haircut every time.

Mighty Paw designed their grooming clippers with strong ceramic cutting blades because they're stronger than steel and reduce heat by 75%. The brand includes a bottle of oil and a cleaning brush which are needed in order to properly treat and maintain the clippers.

"It is with great happiness and excitement that we announce the launch of our new cordless Dog Grooming Clippers" said Corey Smith, founder of Mighty Paw. "They give you plenty of time for high quality dog grooming in the comfort of your home while their modern LED display tracks your battery life and blade speed. You can expect ultimate precision on all types of dog coats and detail areas."

About Mighty Paw:

Founded by Corey Smith in 2015, Mighty Paw is a small family-owned and operated dog gear company that's headquartered in Rochester, NY. Their first product, a hands-free bungee leash set, was born out of sheer necessity when Corey and his wife Sonya, both avid runners, couldn't find the right gear for runs with their dog Barley. Since then, Mighty Paw has designed a full range of high-quality, affordable products that make life easier and more fun for active dog parents. <https://mightypaw.com>
