A Place At Home - West Chester Owner

Bringing a unique perspective

The new franchise’s owner brings a unique perspective to senior care services. Originally from Ghana, Africa, the owner says his culture emphasizes caring for your elders. The belief is that a blessing from your elders is a blessing that sustains for all time. His goal is to give back to the community and serve others while creating a legacy of caring for his children to have and continue.

Having worked as a home health aide while in college, he’s seen first-hand the challenges seniors face when they don’t have the care they need. His experience planted the seed that led him to where he is today – providing compassionate, professional care to seniors in his community. He said, “I chose A Place At Home because of their core values of C.A.R.E. – Compassionate, Accountable, Respectful, and Ethical – aligning with my own values.”
