

Leading Microsoft Dynamics Partner Announces Go-Live of Dynamics 365 Finance and Supply Chain ERP at Herma Group

Unify Dots, Global Dynamics 365 ERP solutions provider, announced today that Herma Group has gone live with Cloud based ERP System Microsoft Dynamics 365.

TAGUIG, METRO MANILA, PHILIPPINES, April 29, 2022 /EINPresswire.com/ -- Unify Dots, Global Microsoft Dynamics 365 Implementation Partner and D365 Systems Integrator, announced today that Shipping and Maritime Customer, Herma Group has gone live with [Microsoft Dynamics 365 Finance](#) a Cloud-based [ERP](#) System from Microsoft Corporation.

The Herma Group is a leading conglomerate that has over 700 employees with business interests in marine transport, ship management and vessel operations, ship owning, international bunkering, domestic fuel and lubricants supply, ship building/ship repair, port operations, environmental management services, and corporate services.

Herma was using an on-premises ERP that could not scale to its operations and sought to leverage the technology, flexibility and new capabilities of a cloud-based solution. Unify Dots implemented Microsoft's latest cloud-based enterprise ERP solution Microsoft Dynamics 365 Finance and [Supply Chain Management](#) to standardize Herma's business processes.

Microsoft Dynamics 365 Finance and Supply Chain Management (formerly Microsoft Dynamics 365 Finance and Operations) is successfully deployed at Herma Group of Companies, a Conglomerate in the Philippines

Microsoft Gold Certified Partner, Unify Dots delivers a successful ERP go-live of the Microsoft Dynamics 365 Finance and Supply Chain ERP solution across Herma Group's business units

Functionality implemented

- Financials (General Ledger, Accounts Receivable, Accounts Payable, Fixed Asset, Budgeting, Cash and Bank Management)
- Sales and Order Management
- Procurement and Sourcing
- Warehouse
- Inventory Management
- Project Management and Accounting
- Statutory Localization including Philippines' Bureau of Internal Revenue Compliance
- Management Reporting and Business Intelligence

Solution Benefits

The deployment of Microsoft Dynamics 365 Finance and Supply Chain has led to several benefits for Herma Group including the fact that the move to cloud enabled scalability, improved security, and reliability.

The business was able to standardize business processes and increase the level of standardization across the different businesses ensuring the Herma Group follows a common business process for the corporate processes. Workflows and automation of purchasing policies have improved controls and enforced compliance versus depending on manual oversight. Financial reports configured in D365 have automated

generation of reports that previously took manual work and processes to get to.

Unify Dots' expertise in Microsoft Dynamics and process improvement coupled with our great partnership and collaboration resulted in Going Live on time and on budget."

Irish V. Legaspi, Chief Operating Officer of Herma Corporation

Local tax and regulatory compliance greatly improved at Herma due to the localization deployed and the automated generation of statutory reports.

"Microsoft is the market leader in enterprise application software, and we are delighted to have the capabilities that the Microsoft Dynamics 365 ERP suite of business application provides to support the needs of our operations." says Irish V. Legaspi, Chief Operating Officer of Herma Corporation. "Unify Dots' expertise in Microsoft Dynamics and process improvement coupled with our

great partnership and collaboration resulted in Going Live on time and on budget."

As of the time of this release, four business units of Herma Group are live on the cloud platform and the remaining business units are expected to go live by June 2022.
