Microsoft Dynamics 365 Implementation Methodology for ERP and CRM Software solutions

International Data Corporation (IDC) has recently published a new Market Note that discusses the key takeaways from a strategy update provided by Unify Dots, a specialized Microsoft Dynamics 365 implementation services partner operating in multiple geographies. The update also includes an introduction to its key offering called Accelerate for Microsoft Dynamics 365 and the key differentiation Unify Dots brings to the Asia/Pacific Dynamics 365 services market.

“

Through Accelerate for Microsoft Dynamics 365, Unify Dots is able to speed up customer journey towards digital transformation leveraging Microsoft Dynamics 365 solutions.”

Rijo George Thomas, Research Manager at IDC

Accelerate for Microsoft Dynamics is a proprietary toolset that leverages learnings from experiences and brings together utilities including Industry-specific Business Processes, Data Migration templates, training material and best-practice guidance for Customer Relationship

Management (CRM), Enterprise Resource Planning (ERP), Ecommerce, Financial management, Supply chain management, and Human Resources (HR) implementations.

By providing an out of the box starting point, Accelerate for Microsoft Dynamics can reduce effort and cost for key milestones like analysis, design and data migration by as much as 60%. Also, since Accelerate for Microsoft Dynamics brings proven and pre-tested tools and artefacts the framework greatly increases the chance of success and reduces customizations by using business processes that are close to the standard solution. Finally, Accelerate for Microsoft Dynamics makes Change Management easier and improves adoption by providing solution exposure to users in the client organization at multiple points of the project lifecycle.

"In the Asia/Pacific region, Microsoft Dynamics 365 solutions has had tremendous adoption among customers, driven primarily by the need to reinvent customer experience and core business operations. Implementation partner capabilities are critical in maximizing value and accelerating time to market from an enterprise' Dynamics 365 investments" says Rijo George Thomas, Research Manager at IDC's Asia/Pacific Software & Services Research Group, He added "Through Accelerate for Microsoft Dynamics 365, Unify Dots is able to speed up customer journey towards digital transformation leveraging Microsoft Dynamics 365 solutions."

"This market note from IDC reaffirms our focus on delivering innovative software solutions that will bring transformative technology to our customers and help them achieve meaningful business outcomes by harnessing the power and scalability of the Microsoft Dynamics 365 platform." says Donna Puig, Head of Implementation Best Practices at Unify Dots. "This market note reinforces the credibility of Unify Dots as a strategic partner and implementor of Microsoft Dynamics 365."

Unify Dots, Microsoft Dynamics 365 software solutions combined with the Accelerate framework help customers grow revenue, boost productivity, strengthen customer acquisition, interaction, and retention and reduce operating cost.
