A vengeful killer among students out to kill them all

COSTA MESA, CALIFORNIA, UNITED STATES OF AMERICA, March 8, 2022 /EINPresswire.com/ -- In a bevy of freshmen students, a killer in disguise walks among them. With the revelries of Halloween and all of them in various forms of disguise and costumes, college students are unaware of the danger among them. Fueled by anguish and thirsting for revenge, the killer sets out to get the vengeance he yearns for. In this suspense thriller from Lamont Richard entitled "[Faces of Death](#): Volume 1", a group of students are left to wonder who among them is the killer and who will be the next victim.

"Faces of Death Vol 1"

Lamont Richard has always been fascinated with books. His interest in them began early on and was fortified by the time he was studying computer technology at Delgado Community College. Since then, he has always wanted to write a book, and this is his first foray into the field of writing. He lives in New Orleans, Louisiana.

Exacting revenge due to an incident that happened years back, a killer uses known gimmicks from horror movies to capture the attention of a group of college students. Among his schemes are using faces of death masks and reliving the tropes in popular horror movies. This sets the stage for the killer and enables him to do what he has planned to—kill and get his vengeance.

Who will be the next victim? What happened in the past that pushed the killer to carry out his plans for revenge? And most importantly, who is the killer? These are the many questions that will certainly hook suspense aficionados and catch the attention of fans of thrillers.
