

## Cosmetic Industry Is Expected to Increase The Demand for Organic Medicinal Herbs Over The Forecast | Fact.MR Survey

Medicinal Herbs Market Forecast, Trend Analysis & Competition Tracking - Global Market Insights 2020 to 2030

ROCKVILLE, MARYLAND, UNITED STATES, March 9, 2022 /EINPresswire.com/ -- According to the FactMR Latest Analysis, The demand for medicinal herbs for cosmeceuticals accounts for nearly 1/4th of the global market demand and is expected to grow at a CAGR of 8.5% during the forecasted period.

Adoption of a Healthy Lifestyle is Boosting Sales in the U.S.

The U.S. is one of the most lucrative markets for the global dietary supplements industry. However, the industry suffered a huge blow in terms of sales during the COVID-19 outbreak, due to disrupted supply chains and halted production. The presence of various manufacturers and nutrition-centric brands in the country has allowed the dietary supplements industry to gain traction after the relaxation of imposed restrictions.

The Medicinal Herbs Market research report aims to provide an unbiased and comprehensive outlook of the global market to the readers. Analysts have studied the key trends defining the trajectory of the market. The research report also includes an assessment of the achievements made by the <u>players in the Medicinal Herbs Market</u> so far. It also notes the key trends in the market that are likely to be lucrative.

We deliver market intelligence according to your requirements. This report can be customized as per your business needs. We meet client expectations with the help of our peerless preexecution, execution, and post-execution engagement models. Our analysts offer quantified B2B research on market threats and opportunities. They also provide qualitative analysis of the global Medicinal Herbs Market.
