GoGreenspoke has designed several bike repair stations in Ontario to place outside businesses and in other public spaces to give individuals the opportunity to fix their bikes wherever they are. Some of the options include a freestanding bike pump to refill tires, repair posts, repair stations with integrated pumps, and wall-mount repair stations. Many people are hesitant to use their bikes for transportation because they worry about what they will do if something goes wrong. By installing bike repair stations, individuals will have easy access to the tools and resources they need to repair their bikes if they have an accident or a malfunction occurs.

GoGreenspoke is dedicated to encouraging individuals to do their part to reduce pollution with environmentally-friendly transportation options. They understand how challenging it can be to encounter problems while riding a bike and have created effective bike repair stations to make Ontario more bike-friendly.

Anyone interested in learning about bike repair stations in Ontario can find out more by visiting the GoGreenspoke website or calling 1-866-418-9914.

About GoGreenspoke: GoGreenspoke is dedicated to making it easier for residents throughout Ontario to make wise decisions to reduce their carbon footprint.
