## Key Takeaways from Skid Steer Loader Market Report

- The global skid steer loader market was valued at around US\$ 2.7 billion in 2020.
- Increasing construction activities across APEJ has resulted in the region accounting for the most demand for skid steer loaders, with a global market share of close to 40% over the next ten years.
- The market in APEJ will also expand at the highest of over 3.5%, with China playing a big part due to rising investments by the government in construction projects.
- Vertical lift skid steer loaders are expected to hold more than three-fourth of the demand share through 2031.
- 2000-3000 lb skid steer loaders (mid-range) will experience greater use across industries, at over 40% of the total market share.
- Around half of the demand for skid steer loaders will come from the construction industry.
- After initial setbacks due to the COVID-19 outbreak, the global skid steer loader market is slated to get back to its original growth pace of around 3% for the long-term duration.

## Which Companies are Leading the Skid Steer Loader Market Space?

Key market players include Bobcat Company, CNH Agriculture N.V., ASV Sales & Services, Komatsu Ltd., and Wacker Neuson SE, among many others. For the Bobcat range in EMEA, total sales unit growth reached 11.0% in 2019 as compared to 2018, with a very impressive growth of around 12.7.

It is the number one company that has established its dominance in the market by selling more skid steer loaders than all its contemporaries combined. In a moderately consolidated market, all the players are trying to boost their market position. Initiatives and strategies adopted include forming strategic partnerships, striking investments, and engaging in mergers and acquisitions.

Report Benefits & Key Questions Answered

- Which country leading the skid steer loader market?

With North America leading the market currently, several Asian countries are emerging and demand hubs for skid steer loaders.

- What will be the growth rate of the skid steer loader?

The global market is expected to experience a growth rate of more than 3% from 2021 to 2031.

- Why are Asian countries expected to dominate in the projected years?

Rapid growth of population, resulting in high urbanization rates, is the major reason why APEJ is projected to surge ahead in the global skid steer loader market.

- What is going to be the future of skid steer loader industry?

The need for skid steer loaders will continue from various industries, including construction, waste management, and urban infrastructure, considering their compactness, multi-utility, and manoeuvrability.

- What is the impact of COVID-19 on the global skid steer loaders market?

With construction and other industrial activities affected, and trade and movement restrictions in place, demand for skid steer loaders fell dramatically in 2021.
