## Market Overview

Sport side by side vehicle captured considerable market presence over the past few years and expected to have influential growth in the forecasted period. The factors that are driving the demand for sports side by side vehicle are surging disposable income of the consumer that has increased its adoption in various activities such as sports, agriculture and entertainment purpose. In addition, leading industry players such as Arctic Cat, BRP Inc., Honda Motor Co. Ltd., Harley Davidson, Polaris Industries, Inc., John Deere, Kawasaki Motor Corporation, Yamaha Motor, Kymco, and Kubota are making investments in R&D activities to lower the cost of

ownership for these vehicles, aiding in market growth. Moreover, the U.S. accounts for a major portion in the pie, owing to the increasing consumer disposable income and rising outdoor recreational spending.

## COVID-19 Impact

The outbreak of coronavirus in 2020 had severely impacted the economic conditions around the globe. The global lockdown and travel restrictions imposed by government authorities across the world has severely impacted the sports side by side vehicle market. It is mainly owing to the restriction imposed on social gatherings, cancellation of racing events, and lockdown to prevent the spread of coronavirus have lowered the sales of power sports products. However, the industry has witnessed demand from the young consumer segment over this period due to temporary closure of colleges and universities, compelling families to spend on power sports-based activities.
