

# Cool Care Heating and Air is proud to provide indoor air purity for businesses and homes in Columbia, South Carolina

COLUMBIA, SOUTH CAROLINA, UNITED STATES, March 11, 2022

/EINPresswire.com/ -- Cool Care Heating and Air, an [HVAC Columbia SC](#) specialist, is proud to provide indoor air purity for businesses and homes in Columbia, South Carolina.

According to the company, "with the doors open for business on January 1, 2001, Cool Care Heating & Air is a fully licensed, insured and bonded South Carolina heating and air conditioning company and is owned and operated by Teresa and Kenny Wardlaw. The Wardlaw's have over thirty-seven years of combined experience in providing exceptional service and have consistently exceeded the expectations of their loyal customers by showing up when promised, communicating and solving comfort and efficiency problems, while charging a fair price. They have hired employees who are dedicated and care about doing the best job possible. In addition, The Wardlaw's continue to invest heavily in training for the entire team so that Cool Care Heating & Air can remain the best service company in the area by staying on the cutting edge of industry innovations."

Sick of searching for "HVAC Columbia SC?" Having a hard time Googling "[AC repair Columbia SC?](#)"

Cool Care Heating and Air provides a wide variety of services and products to help keep your home or business safe during these trying times. All of which are available on its website at [www.coolcarehvac.com](http://www.coolcarehvac.com).

The company continues to state that, "according to the Environmental Protection Agency (EPA), indoor air pollution might be the cause of "allergies" and your air may not be as clean as it looks. Tiny airborne particles, invisible to the eye but harmful to health, may be causing your indoor air to be more polluted than the air outside. Most of us spend the majority of our time indoors, so it makes sense to want indoor air that's as healthy as possible."

Worried about air quality? Cool Care Heating and Air provides the coolest AC repair Columbia SC has to offer.

The company states, "there are many types of indoor pollutants, and they can all cause different reactions. Pollen, for example, can make existing allergies even worse. A carbon monoxide leak can cause headache, dizziness, and nausea."

With a focus on quality and customer service, Cool Care Heating and Air has the expertise and experience you need to get the most amazing AC repair Columbia SC can provide.
