They employ a team of experienced “strain hunters” that have spent the past two decades searching out rare and renowned cannabis strains across South America, Asia, and Africa to cultivate and breed at their coffee shop in Amsterdam.

Over the past two decades since opening The Green House, the company has won dozens of awards and has grown a vast seed catalog of hybrids and landrace strains as well as high-CBD strains that are ideal for wellness goals.

About Green House Seeds

Green House Seed Company dates back to 1985 when Arjan Roskambegan started growing exotic strains of cannabis and began seeking out landrace strains across Thailand, Nepal, and throughout Asia.

Arjan has built an empire of businesses that include four coffee shops, two clubs, plus an award winning nutrition and medical company. At the same time, Arjan has travelled the world advocating for legalization of cannabis and sharing the wellness benefits that high-quality cannabis can provide.
