

# Roughrider Express Launches Its Redesigned Website

*An industry leader in delivery services has unveiled a new look.*

DALLAS, TEXAS, UNITED STATES, March 11, 2022 /EINPresswire.com/ -- There is an adage that says, "first impressions make lasting impressions." Thanks to [Roughrider Express](#) newly redesigned website, site visitors will not only have a good first impression, but an unforgettable one.

"We believe in giving our customers the best experience possible, and that starts with our website," said Michelle Ligon, spokesperson for Roughrider Express.

"Our redesigned website incorporates the latest technology, providing those who logon to our website with smooth navigation and a user-friendly experience."

Roughrider Express provides fast, friendly, and reliable delivery services to the DFW Metroplex and nationwide logistics solutions.

The newly redesigned website features a responsive design. This means that whether the site visitor logs onto the company's website on a desktop, laptop, tablet, cell phone, or watch, the website will automatically adjust to fit the user's device.

In addition, the redesigned website has tabs such as the Home Page, About Us, Delivery Services, Logistics Services, Contact Us, Request for a quote, and ways to connect.

Ligon noted that while the company has grown over the years, it is still a family business committed to providing its customers with the best delivery service in DFW.

"Your need is our priority," Ligon stressed before adding, "If you're looking for affordable moving

and delivery services but don't want to compromise on quality or reliability, go with Roughrider Express."
