## Stabila Financial Space

Stabila FINANCIAL Space will feature an innovative financial-centric asset marketplace. The platform will cater solely to those assets and their ever-increasing, interconnected use cases, multiverse integrations, and the

countless use cases still waiting to be discovered.

Stabila FINANCIAL Space will address the shortcomings of current FINANCIAL marketplaces and

their inability to adequately accommodate utility-based financial assets collections. Platform features will include lower fees and a user-friendly interface with intuitive, space-specific asset research tools.

While Stabila FINANCIAL Space will bring additional utility to Stabila's native cryptocurrency, STB, the platform will also feature its unique utility token, ZOOM.

Stabila is offering ZOOM tokens for sale; The price is \$0.5. 25% of the tokens will be airdropped.

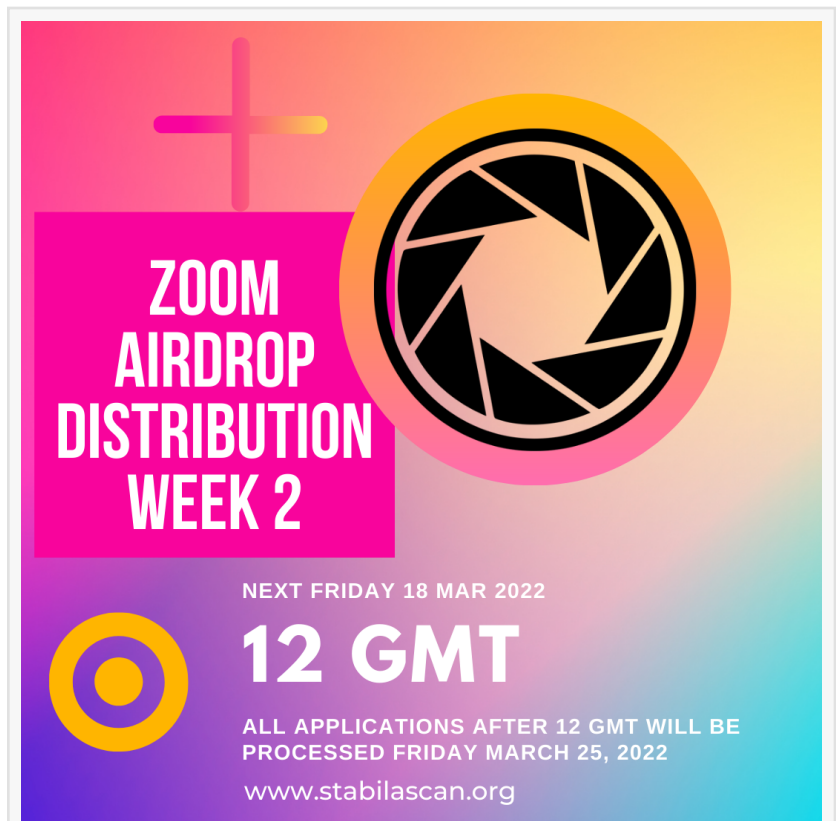

Strategic snapshots taken for five weeks will determine the number of tokens each token holder receives. Each snapshot qualifies for 100 ZOOM tokens to one user.

ZOOM provides owners with advantages such as the right to participate in initial offerings, and ZOOM features its benefits in Stabila FINANCIAL Space:  
Stabila's snapshots and ZOOM token airdrops for Stabila users and FINANCIAL-holding wallets from certain blue-chip collections will facilitate a widespread and diverse launch of this new platform.
