Antiobesity Global Market Report 2022: Market Size,
Trends, And Forecast To 2026

LONDON, GREATER LONDON, UK,
March 14, 2022 /EINPresswire.com/ --
According to '[Antiobesity Global Market
Report 2022](#) – Market Size, Trends, And

Global Forecast 2022-2026' published by The Business Research Company, the antiobesity market size is expected to grow from \$2.73 billion in 2021 to \$3.08 billion in 2022 at a compound annual growth rate (CAGR) of 12.9%. The market growth is mainly due to the companies rearranging their operations and recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. As per TBRC's antiobesity market growth analysis the market size is expected to reach \$4.74 billion in 2026 at a CAGR of 11.4%. Obesity is a major public health concern globally. Globally, prevalence rate of obesity is increasing every year. As a result, the demand for anti-obesity drugs is bound to increase in the future thus, driving market growth.
