The pandemic of COVID-19 continues to expand and impact over 175 countries and territories. Although the outbreak appears to have slowed in China, COVID-19 has impacted globally. The

pandemic could affect three main aspects of the global economy: production, supply chain, and firms and financial markets. National governments have announced largely uncoordinated, country-specific responses to the virus. As authorities encourage "social distancing" and consumers stay indoors, several businesses are hit. However, coherent, coordinated, and credible policy responses are expected to offer the best chance at limiting the economic fallout.

National governments and international bodies are focused on adopting collaborative efforts to encourage financial institutions to meet the financial needs of customers and members affected by the coronavirus. However, there are some sectors that have remained unscathed from the impact of the pandemic and there are some that are hit the hardest.

We, at Coherent Market Insights, understand the economic impact on various sectors and markets. Using our holistic market research methodology, we are focused on aiding your business sustain and grow during COVID-19 pandemics. With deep expertise across various industries-no matter how large or small- and with a team of highly experienced and dedicated analysts, Coherent Market Insights will offer you an impact analysis of coronavirus outbreak across industries to help you prepare for the future.
