

PBC MOVES \$12 MILLION ORLANDO REALTOR® ASSOCIATION HEADQUARTERS TO NEXT CONSTRUCTION PHASE

Precision Building Construction LLC announced that it has started vertical construction on new Orlando Regional REALTOR® Association (ORRA) headquarters office.

ORLANDO, FL, UNITED STATES, March 14, 2022 /EINPresswire.com/ -- [PRECISION BUILDING CONSTRUCTION](#) MOVES \$12 MILLION ORLANDO REALTOR® ASSOCIATION HEADQUARTERS INTO NEXT CONSTRUCTION PHASE

– Begins Vertical Construction on New Headquarters Office Adjacent to Interstate 4 –

Progress Update: Vertical Construction Phase for PBC's \$12m ORRA headquarters

Orlando-based general contractor Precision Building Construction ([PBC](#)) LLC announced today that it has started vertical construction on the new Orlando Regional REALTOR® Association ([ORRA](#)) headquarters office in Orlando, located near Lee Road and Interstate 4. The \$12 million project, designed as a hotel-style executive park headquarters, will span 45,000 square feet over four stories.

“

This project will have a profound economic and social impact as Orlando continues to reshape the I-4 / Lee Road corridor to meet the needs of our rapidly growing community.”

PBC President Chuck Hobus

“We are excited to move into the vertical construction portion of this project,” said PBC President Chuck Hobus. “We have taken into consideration several changes ORRA wanted to incorporate into the project regarding site layout, geometry, utilities and grading since we broke ground last May. These changes, along with proactive measures taken by PBC to value engineer the project to

overcome supply chain delays and inflationary pricing, result in an updated completion date now expected in quarter 1 2023.”

Hobus continued, “Once complete, this building by PBC will help bring ORRA’s vision of a world-class headquarters facility to life. We look forward to delivering a finished building that ORRA and its members will be proud of for years to come.”

The new facility will feature a two-story atrium lobby with concierge service, designed with the organization’s values and focus on serving others in mind. Upper office floors will overlook

downtown Orlando. Other details include conference and meeting rooms, a technology lab, a media studio, fitness center, outdoor courtyard and approximately 400 parking spots.

“This project will have a profound economic and social impact as Orlando continues to reshape the I-4 / Lee Road corridor to meet the needs of our rapidly growing community. This new facility will help ORRA, the eighth largest real estate trade association in the country, to better serve its members and offer the community another premium space to host meetings, training sessions and conventions,” said Hobus.

The new facility’s centralized location will enable the association to better serve its growing membership base, nearby communities and business partnerships through additional space, improved facilities and functionality, educational and training opportunities and a modern construction design to reflect its members style and the ORRA brand.

About Precision Building Construction, LLC (PBC)

PBC is a full-service general contractor company that combines the experience and expertise of larger contractors with a uniquely personal approach to its construction projects.
