

Container Homes Market SWOT Analysis, Dynamics, Drivers, Key Indicators and Forecast to 2025

Container Homes Rising Business- Opportunities With Immense Development Trends Across The Globe By 2025

PORTLAND, OR, UNITED STATES, March 14, 2022 /EINPresswire.com/ --

According to a new report published by Allied Market Research, titled, "[Container Homes Market](#)", size accounted for \$44,768.6 million in 2017, and is expected to reach

\$73,070.5 million by 2025, growing at a CAGR of 6.5% from 2018 to 2025. Container homes are prefabricated homes developed using new and old shipping containers used to carry goods on trains, trucks, and ships. The shipping containers can handle heavy loads and can resist in harsh conditions. Moreover, the containers can be structured and stack easily to construct small & multi storey house, owing to their perfect shape. The container homes provide best solution in emergency shelter these containers can be moved easily.

The reduced construction cost, ease of installation and relocation, increase in focus toward adoption of green building concepts, rise in need for protection of architecture from environmental impacts, and need for compact & movable homes in large cities due to lack of space, are major factors that boost the demand for container homes

North America to continue its dominance by 2025

North America held the major share in 2017, accounting for nearly two-fifths of the total market share and is expected to continue its dominance by 2025. This is due to rise in demand for affordable housing structures as there is limited availability of space in the region. Asia-Pacific is expected to register the highest growth rate, with a CAGR of 7.5% from 2018 to 2025, owing to rapid urbanization, excellent economic growth, and less time & cost required for construction of container homes.

Frontrunners in the industry

Key market players analyzed in the research include Anderco Pvt Ltd., Giant Containers, Container Homes USA, Royal Wolf, HONOMOBO, Shanghai Haicheng Special Steel Container Co., Ltd., SG Blocks, Inc., Supertech Industries, Speed House Group of Companies., and Temohousing.
